

COMMITMENT TO OUR COMMUNITY

First Bank is committed to making a positive difference in every community in which we do business!

All of us at First bank are honored by the trust our clients and communities place in our organization. We appreciate the opportunity to contribute to the many stories of success that unfold every year in the communities we serve. From our earliest days over 100 years ago as a community bank, we have remained dedicated to being a strong and reliable corporate neighbor. We look forward to continuing this commitment through our bank's people and financial resources, as well as through the inspiring community partners with whom we collaborate to support the health and vibrancy of our neighborhoods.
